

COMPANY OVERVIEW

Steam-Est Industries is a locally owned company proudly serving southeast Saskatchewan since 1978. We provide essential services to commercial, industrial, and municipal clients. Our long-standing reputation for reliability, safety, and community involvement reflects our belief that strong businesses help build strong communities.

DIVERSITY AND INCLUSION

This company proudly reflects the communities we serve across southeast Saskatchewan. With women in leadership and an operations team representing all genders and a wide range of cultural backgrounds, we're committed to fair practices and a workforce that values equity, skill, and local representation.

We foster a culture where every individual is respected, supported, and encouraged to share their unique perspectives, strengthening our safety, service, and community as we grow together.
